Mr. Fred. M. Steele

Dear Sir

Your letter of February 27th was forwarded from Albany here, where we have been visiting our son for some time past. I have been suffering very much from a dreadful cold and cough for several weeks feeling far from well and therefore beg you to excuse the delay in complying with your request.

Your speak of your

father living in Albany. Mrs Street
says she remembers him perfectly well,
and your uncle Mr George B. Steele is
a near neighbor of ours on the hill,
and respected by all that know him.

Believe me

Very kindly yours

Alfred B. Street.
